## LONG ISLAND TERCENTENNIAL

It was on June 6, 1636, 300 years ago the records show, when the first deed to property was recorded on Long Island. The little community was called Breucklen (now Brooklyn) after a locality in Holland from which many Long Islanders came. Later came into being the Flatbush colony known as the Midwout, or the middle of the woods, reflected in Midwood, now part of Flatbush.

Although Henry Hudson landed an exploring party on Long Island about where Coney Island is now established, it was not known to be an island until 1614 when the Dutch navigator Adriaen Block sailed around it thus learning of its insularity. Strangely the first white settler of record is a Frenchman George Jansen Rapalye who came over with the Dutch.

In 1647 when Peter Stuyvesant became governor of New Amsterdam he ordered the settlers to form villages heavily palisaded against unfriendly Indians, from which

they might go out to till their lands. He quoted to them the Dutch version of the fable of the single sticks and the bundle and hence the seal of Brooklyn had the mot in Dutch from which was translated, "Unity makes might."

Connecticut under the British also claimed Long Island under a grant to the Earl of Sterling which referred to it as across the "South Sea" presumably Long Island Sound.

The first white settler on the Eastern of Long Island was Lion Gardiner who in 1639 gained title to what became known as Gardiner's Island. The hamlets of Southampton and Southold date from 1640 and East Hampton from 1632. In 1664 when the British captured New Amsterdam it also included all of Long Island. At the outbreak of the American Revolution in 1776 the total population of Long Island numbered only 30,000. Today it totals 4,500,000 persons.

## SHOREHAM COUNTRY CLUB REDECORATED

Shoreham Country Club, through the vigorous activity of its members and many kindly donations has improved its building and grounds year by year. The winter before last in preparation for last summer's activities the club was almost doubled and completely renovated. The old log cabin was removed and in its place is now a drive and one of the tennis courts has become a parking place. The building itself was changed in appearance and size, a large lounge, a kitchen, and rest rooms were added on the upper floor. The dance floor was enlarged by removing a side wall, and the stage was doubled. Stairs on each side of the stage lead to the two dressing rooms on the floor below. The floor below and the lower porch is reserved for day time use, with its showers for bathers and ice cream for people on the beach.

This year through further donations and the incentive of several of the Club's most sincere members, who wish their names withheld, the club is being completely and attractively decorated within. The interior is being entirely repainted. The furniture is being repainted to match the large beautiful curtain for the new stage, and the walls will be decorated with lattice work. The two rest rooms are being completely redecorated and furnished. The orchestra will sit on blue chairs with blue cushions and have blue music stands - it is expected. The club having been greatly enlarged and rebuilt and its appearance completely changed from without, the whole aspect of the club has been vastly improved and beautified by the interior decorating done during the last week. The decorations were designed by the famous interior decorator Lewis D'Arclay. Under his direction, W.J. Sherman treasurer of the Club, supervised the work.

It is hoped and expected that the work will be finished and the club house ready for use for the opening dance of the season Saturday night. Wes Oliver and his Vikings will supply the music as he did most of last summer.

The week end of July 11th there will be a Masquerade Dance, which will be one of the big dances of the season, celebrating the Twentieth Anniversary of the founding of the Shoreham Country Club. Wes

## SECOND YOUTH RALLY IN WADING RIVER SUNDAY

This Sunday at Hart's Beach, Wading River, will be held the second annual mass. Everyone is invited. Rev. L. R. Boyll, pastor of the Methodist Episcopal Church of Port Jefferson, will be speaker of the evening. Besides group singing, Mrs. Ethel Brigham, a singer of international reputation and who is well known in Wading River, will sing.

The forming of the lighted human cross will be the feature of the evening as it was last year. Just before the benediction there will appear over the Sound what will at first seem to be a large star, but as it comes nearer it will take the outline of a lighted cross.

Rev. Clarence E. Doane is the chairman of the committee in charge of arrangements. The meeting will begin at six o'clock with a picnic supper.

### STORM BRINGS IN SHOREHAM RAFTS

A north east storm on Tuesday night caused both floats at Shoreham to be washed ashore. The larger float broke loose from its anchors and the smaller one dragged its anchor, both of them landing on the beach in front of the Pallister home.

Mr. Bull, the builder of the rafts, says that the new rope from the large raft to the shore which is a distance of four hundred feet, shrunk sixty feet. This caused too great a tension on the anchor chains and the raft was washed to shore, dragging the smaller one with it.

The large raft hit Jack Kohlmann's motorboat, which was moored in the path of the raft, making a hole large enough to sink the boat. The only other damage done was the loss of the floats' ladders in the surf. The rafts were out in the water again by Thursday afternoon.

Continued from page 2

Oliver and his Vikings will again be there as he will be for the next two following Saturday night dances.

The Club has already distributed to its members a calendar of activities for the month of July.

Larry Langhorn will be in attendance as steward throughout the season at the Shoreham Gountry Club.

## GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Julius de Lagerburg of Shoreham, celebrated their fiftieth anniversary Wednesday. Many old friends were present, including Mr. de Lagerburg's son of Wading River. They received many presents and several telegrams from Sweden. Two of Miss Muirhead's famous cakes were obtained from the Orchard Tea Room. The house was decorated with blue and yellow flowers, the color of the Swedish flag, in honor of the occasion.

Mr. de Lagerburg is eighty-seven. His formula is health above all. He has two hobbies. He is an ardent collector of both medals and playing cards, and has collected over five hundred packs of the latter and over a thousand medals. The collection of medals is said to be the largest in the country.

### DANCE AT FIELD AND TENNIS CLUB

On the 20th of June, last Saturday night, was held a dance at the Wading River Field and Tennis Club. The music was supplied by Beverly Tyler's Orchestra. Several Shoreham people were there. There will be no dance at the Club this Saturday night.

### NEW BOOK

Valerie Savage, who will spend the summer in Shoreham working on a new novel, had her first book "Summer Hail" published early last May by Doubleday Doran. In reviewing "Summer Hail" the New York Times Book Review said; "Lively, brittle, modern as tomorrow's newspaper, this first novel is the highly amusing story of a girl who was the only dependable member of an irresponsible family. The story is as swift paced as the life it describes. Valerie Savage understands characterization, and each of the people who hasten across her brilliantly lighted stage is completely alive. Her dialogue is easy, and spontaneous, her sketches of the broadcasting studio vivid and entertaining.

"Summer Hail" was sold within ten days of its publication to R. K. O. and Ginger Rogers will be starred in the role of Deborah Martin.

There are electric clocks on the market that continue going for twenty-four hours by springs when the electric current is off. The clock should be twenty-four to thirty inches in diameter so as to be readable at the water's edge, the clock being attached to the beach side of the club house. If anyone would like to make a lot of people happy, here is his chance.

A STITCH IN TIME

Mr. Woodfield, Shoreham's police officer, has a problem on his hands. He would dislike having to give any tickets, especially to any of the boys he knows, BUT.... "sixty miles an hour around our corners is taking advantage of friendships," he says. Mr. Woodfield would like to start out the new season by encouraging a feeling of friendship and cooperation with the law.

## HAPPY DAYS!

The horse and mule live thirty years  
They never taste light wines and beers.  
Sheep and goats are dead at twenty  
They drink no booze - water plenty  
At fifteen dogs are mostly dead  
They look not on the wine when red  
At twelve racoons are mostly out  
They never tasted good old stout  
At ten the cat's lost all nine lives  
No beast on milk and water thrives  
At five most birds have passed away  
Far, far from alcohol they stay  
Bugs spend a few days on this earth  
They never know the cocktail's worth  
But evil wicked rum-soaked men  
Live on to three score years and ten!
