Mr. Rudolph Sailed Today For Venezuela

Will Explore Jungle To Find Best Route For Last Road Link

One Quarter Mile per Hour Considered Fast Traveling For This Rugged Country

William Rudolph left today on the steamer Santa Rosa of the Grace Lines for an expedition into the jungles of Venezuela. The boat trip takes five days to get to La Guaira, stopping only at the island Curacao, in the Netherlands West Indies. Mr. Rudolph said that this Dutch island is most interesting because of its old European customs and a half mile long pontoon bridge that crosses the mouth of the harbor. When an ocean-going steamer wants to get into the harbor a tug at one end of the bridge pulls the entire bridge open, swinging in a huge arc, allowing the steamer to pass into the harbor. It is a toll bridge for which there is a long list of different tolls, one for each kind of animal that wants to cross. The tolls even go so far as to charge one penny for a man with shoes and half a penny for a man who does not have shoes.

When the steamer reaches La Guaira, Mr. Rudolph will leave the boat to start into the foothills of the Andies where with a party of engineers, he will explore the jungle to find the best route for the last link of a road between Lake Maracaibo and Caracas. From La Guaira the land rises two thousand feet to the city of Caracas which is the capital of Venezuela.

From Caracas Mr. Rudolph will go to the small town of Barquisimeto in the northern end of the Andies and from there he will go into an almost unexplored part of the jungle. The road is to be laid along very rugged country and it will require about six months to figure out the best route for this road, without even surveying the actual road bed.

The expedition will go as far as the present road and from there there will be a three day mule trip after which the men will travel on foot where a speed of one quarter of a mile an hour is considered very good traveling in the thick jungle. In this section names on the map turn out to be one house where one family lives.

Mr. Rudolph has in his possession a flag given to him by the Explorers Club, which is given to its members who are going into unexplored country. Somewhere in the wilds of the jungle he will plant this flag, which is flag number sixty.

Mr. Rudolph says that the natives of this section are a mixture, mostly Spanish and Indian and are a race of a very high type and very proud. He said that an engineer

Eagle Club Goes On Three-day Trip To Wildwood Pk.

Members of the Eagle Club left Shoreham Wednesday and have been gone until today on a camping trip to Wildwood State Park. Those members of the club who are trying the rugged outdoor life are Buddy Sherman, Ed Barnhart and Rene Laurencot.

They took along their own tent, rented a site from the Park Commission and are doing their own cooking. As they had not returned to Shoreham when the Sounder went to press, the only news that has come from them has been from Wesley J. Sherman during their three-day encampment. The reports are that the boys had a wonderful time and were up at about 5 o'clock every morning. Just how their neighbors in the tent city took their visit is not known, but, it is reported that they spent so much time practicing for the Shoreham band one evening, that they found several shoes and other things that can be easily thrown outside their tent the morning after the rehearsal.

One of the boys' best friends during their camping trip was Indian Pete, whom they visited several times each day to hear his stories and learn Indian lore from him.

As they found that the mosquito netting was not adequate protection from the ever present insects they covered themselves with Citronella. In fact they had so much Citronella around their camp one day it almost got in the food.

They found that the most difficult part of this camping was to make both ends meet financially with each boy doing his best to keep from breaking his last dollar bill. They found that eggs were most expensive and therefore went without eggs for breakfast. They have also talked the local storekeeper out of charging 15 cents for jelly and are now getting their jelly for 13 cents a jar, or a 13.33 1/3 percent reduction.

A SMALL BOY TAKES A WALK

A small boy, about three years old, was found alone in Wildwood State Park about 6 o'clock Thursday evening. The boy could not remember where he was from or what his last name was. All he knew was that his first name was Johnnie.

It was soon found that the boy came from Rocky Point and he was returned home. It seems that the boy walked all the way from Rocky Point to Wildwood Park.

It has been requested by the Trustees of the village that it be made public that if there is anyone in the village of Shoreham who would like to get in touch with the police of the village at any time during the day, they may call police chief Wesley J. Sherman at Shoreham 2345.

Wading River-Shoreham Fishing Derby Tomorrow

SOME HEAD

Ivy Stevens has been wearing a piece of adhesive tape on her forehead a little above her nose and right between the eyes. The story of the tape is that she dropped a Coca-Cola bottle and a piece of glass hit her right between the eyes. The glass cut a blood vessel and it was some time before the flow of blood could be stopped.

But Ivy said "It is a good thing it only hit me in the head, it would have been serious any where else".

Jack Hughes Upsets While Out in Sailboat On Day With Bad Wind

Jack Hughes was out sailing in a sailing canoe Monday afternoon when the canoe upset and made it necessary for him to be pulled in by the Shoreham life guard. Monday there was a strong wind and a very stiff tide, and to add to the unfavorable conditions the wind was continually changing. When Hughes was about a third of the way from the clubhouse beach in the direction of Sill's gully, the canoe went over.

One of the children on the raft noticed that the canoe had gone over and called to the life guard. The life guard set out with the life boat, accompanied by David Pallister and very soon reached the site of the upset. They pulled the canoe ashore and returned to the Shoreham beach.

Jack tried to get the canoe going again but ended the afternoon by

DANCING TEACHER ATTENDS CONVENTION AT N. Y. C.

Miss Evelyn Rita Jantzer of Brooklyn last week attended a five-day convention of the Dance Educators' Association at the Park Central Hotel in New York City.

Miss Jantzer, who is director of dancing at the Shoreham Country Club, said America's dance teachers are breaking away from the conventionalities which bound them to their art and applying themselves to events and things around them in the present-day world.

Proof of this was cited yesterday at one of the interesting dance clinics where the Corrigan Hop, named in honor of the young man who successfully crossed the Atlantic in an antiquated airship, and the Pick-A-Back, originated following the west to east flight of the British amphibian plane, were demonstrated.

Fleet to Leave S. C. C. Landing At 9 A.M. Sharp

Six Men in Two Boats Comprise Each Team Upholding Town Honor

All Shorehamites Expected On Shore to See Boats Off And to See Return at Noon

The announcement was made last Saturday night that there would be a fishing derby between Shoreham and Wading River tomorrow. The time was originally announced for three o'clock in the afternoon but upon checking up on the tides it was found that the better time for fishing in the morning. So it was decided to have the derby at nine o'clock in the morning just one hour after high tide. Each team will have two boats with three men in each boat, making six men on a team. The captain of the Wading River team will be Jesse Heatley. Gilbert Frei will hold down the same post on the Shoreham team. The men in the boats for Wading River are not known at this time, but the fishermen for Shoreham are: Captain Frei, Thomas Miles, John Bates, George Beatty, C. V. Pallister, and Dr. F. W. Finn.

Weakfish only will count and no fish that is less than seven inches long will count in the contest. No dynamite or spears can be used, but the fishing is to be done with either a rod and reel or a hand line, with the use of a net to land the fish after they have been brought to the side of the boat.

The scoring will be as follows: 2 points for the first fish caught, 10 points for the largest fish caught, 10 points for the most fish caught, and 3 points for the largest total weight of fish caught. The judges and officials will be one man from Shoreham and one man from Wading River to be selected by the fishermen themselves so that there can be no feeling that the judges were not fair. The master of the scales, whose job it will be to see that the fish are properly weighed, will be Bob Oliver.

The four boats will be lined up on the beach in front of the Shoreham Country Club ready to go by nine o'clock. At the firing of a gun the fleet will set out for the fishing grounds known to Shoreham fishermen as the Shoreham Grand Banks. All fish must be caught here in order to be eligible. The fishing will stop at exactly 12 o'clock noon. There will be a warning gun

MIDWEEK DANCES

The midweek dances have long been the tradition in Shoreham. But from year to year as the children, who now attend them, began to grow up and as the older ones began to drop out these parties have lost almost all idea of being a dance and have come to be game periods. It is not the purpose here to say that the games are the downfall of the midweek dances, but just to point out that the children were getting so that they didn't want to dance.

There was a time when it was impossible to get more than three or four couples on the floor. Foresighted parents saw this and were of the opinion that something should be done about it. They remembered how Miss Jantzer had been able to handle the children and make them want to dance when she had been here about nine years ago.

This year Miss Jantzer has been in Shoreham for only four Wednesday nights, and has already accomplished a great deal with the class. Her part has brought about noticeable results. It was with a great deal of pleasure and surprise that we noticed how many children there were dancing at one time after the regular class was over and Miss Jantzer was sitting on the side lines.

Speaking of the game period that follows the dancing class it should be a good time to learn good sportsmanship and to learn how to be a good loser. There are at present too many organizations and factions that will do anything to make one of their members win a game, and will do just as much to boo the winning member of another faction. In a group as small as this, it is rather foolish and will spell the end of the game periods if it is carried on any longer.

LETTER SENT TO L. I. R. R.

At the last meeting of the Shoreham Garden Club it requested that a letter be sent to the Long Island Railroad requesting that they do something about the Shoreham station. Here is a copy of the letter sent:

Shoreham, L. I.,
August 5, 1938.

Supt. of the Long Island R. R.,
Jamaica, Long Island.

Dear Sir:

The Shoreham Garden Club wish to report the disreputable condition of the Shoreham station and grounds and make a request that the Long Island R. R. Co. put it in better shape.

Objectionable all night parties are held in the station disturbing the peace, bottles and beer cans are left there, the windows have been broken and should be boarded up; the outhouse set in an upright position or taken away, and the grass cut.

We take pride in our small com-

munity and trust the Long Island Railroad Co. will cooperate in helping us to better this condition.

Very truly,
Edith P. Gridley, Sec'y.

OH YES!—HERBIE HAD A PARTY

Everyone will remember that Herbert Frei had a party at the club several weeks ago to which he invited all his personal friends and any person to whom he was in any wise indebted and the guests of the afore mentioned. Well for the reason that the pages of the Shoreham Sounder were very much over set last week it was impossible to write a story about this party. It seems Mr. Frei doesn't know what it means to have a paper that is overset but let him be assured the only thing that is worse is a paper that is underset, but as Mr. Frei didn't understand this he resented the fact that his party was not in the paper. This week the paper is underset so that it is possible to give the Frei party the space that it deserves.

The Frei party was held in the Shoreham Country Club Sunday afternoon, July 24. The party was originally planned to be held on the lawn of the Frei home but because of the rain it was held at the Country Club. Almost every Shorehamite turned out to be a personal friend or one of the persons to whom Mr. Frei was indebted and drifted in and out of the club between the hours of 12 noon and almost 3 o'clock. Drinks ran from punch to anything one wanted to order from the bar which was set up at the corner of the club. The guests were at liberty to select their favorite hors d'oeuvres from the long table with its platters that seemed never to become empty.

The greatest innovation of the party was the six-piece orchestra which played during the party. The orchestra came from the Blue Whale and was led by Roy Ames.

and yes and no." Also the word faster is of great advantage. He said that the word down was not too important and mentioned that while he was laying a pipe line once one of the men was bossing a gang of natives and the only command he gave them was "up" and never "down". Mr. Rudolph asked the man what was the word for "down", the man answered that he did not know, but he did not need to use the word because the natives put the pipes down anyway.

Mr. Rudolph will be gone almost two years, allowing about six months to find the route for the road and about a year or more to actually build the road.

Miss Virginia Hunt of Shelter Island, is the guest of Miss Barbara Sarkany.

Mrs. Natalie Burr, Miss Winifred Burr and Miss Cornelia-Jane Van Arnham are visiting "Winnie's" grandmother, Mrs. Winthrop Burr, at Lawrence.

HASKILL HAS BIRTHDAY ENTERTAINS 40 CHILDREN

Haskill celebrated his seventh birthday with a party at his house last Tuesday afternoon. There were almost forty children present, ranging in ages from Johnny Miles to Jimmy Hogeboom. When the party started about 3 o'clock they started right in to play games which ran from a potato race to London Bridges to pin the tail on the donkey. The best tail pinner was Mary Varian who got the tail about an inch from where it should be.

Ice cream and cake was served after the games on the cool porch which was a great relief after the hot sun on the front lawn. Haskill then went to work and opened his birthday presents which included many airplanes and boats and other things that any boy likes.

STEVENS SISTERS ENTERTAIN AT COUNTRY CLUB SATURDAY

Those attending the Saturday night dance at the Shoreham Country Club last Saturday night were entertained by the Stevens' sisters, Ivy and Bernice. The program was accompanied by Miss Peggy Elliott and in some places by the orchestra. With the songs and the peppy dance steps (if they can be called that) these two sisters held the audience for almost a half hour and almost had them rolling in the aisles.

The first number was "Whistling Sue" in which Bernice cut loose with some very fine whistling. Bernice sang a song called "The Funnies" about a little girl on Sunday morning trying to find something funny in the comic strips. The next number was one that had been done in Shoreham before and was brought back by popular request. The sisters broke into the number about the show girls with its one, two, three kick, which was really felt by Ivy (that is the kick). Then followed Bernice's impersonation of the comedian George Beatty singing the "Tottood Lady." Last number was by special request of Herbert Frei, Bernice singing an English number about how "I Am a Lidy."

MR. ELLIOTT GOES FISHING

T. K. Elliott went fishing Thursday, taking a boat from out near Montauk. On this boat there were about fifty people who had come out on a Long Island Railroad fishing excursion. Mr. Elliott seemed to have more fun noticing the people on the trip than actually fishing. He says that you see all kinds of people from all sections of New York City, but they are all good fishermen.

Mr. Elliott himself caught thirty fish, sea bass and porgies, the largest being a two-pound sea bass. Today Mr. Elliott went fishing for weakfish with George Beatty and C. V. Pallister Jr., here at Shoreham.

BARBARA SARKANY HAS PARTY ON BEACH THURSDAY

Yesterday Miss Barbara Sarkany celebrated her 12th birthday by a party held on the beach. It was a new type of party and it was a great success. When all the guests had arrived, they went to the little raft where they had swimming and diving contests. Later diving board fights were enjoyed. When dinner time rolled around, the guests ate a hearty meal topped by a delicious cake. Tag, lying and jokes finished a perfect party.

The guests were Jean and Claire Laurencot, Pat Sherman, Nancy Thurber, Jean and Esther Sarkany, Ursula Ballman, Pat Brooks, Virginia Hunt, Jeanne Rudolph, Toby Rudolph, Jim Hogeboom and Fritz Van Arnam.

FISHING DERBY BETWEEN SHOREHAM AND WADING RIVER TOMORROW

(Continued from Page 1)

at 11:45 and a finish gun will be fired at 12 o'clock. The judging of the fish will take place at 12:15 in front of the Shoreham Country Club.

George Beatty, who is the week-day representative of the Shoreham team and also head of the rules committee made the following statement to the press late last night.

"No penalties will be imposed for blowfish, sea robins, squid, skates, crabs, rocks, shoes, or anchors—but sportsmanship should speak for itself.

"No supplies (liquid) may be carried in cargo, and quiet is expected like a pall over the fleet. The cheering section may line the beach at the grand banks after saying bon voyage to the fleet, but they are expected to keep their cheers quiet.

"Shoreham will sound a silver horn for each fish caught so the shut-ins may know of progress—keep your pencils handy. The honor of Shoreham is at stake—everyone be up on the 'widows walk' or down to see the wet smacks out."

If this contest goes over as it should there will be a return match at Wading River in the near future. According to J. W. Haslett "If the contest is a success there will be a trophy offered for future contests."
